Internet Fraud Complaints

Due to the large volume of complaints generated by failed internet transactions the Meridian Police Department requires the following before a complaint can be investigated:

1. A police report must be filed with the victim's local police department and the report number or copy of the report forwarded to the Meridian Police Department.
2. The victim will need to provide a detailed statement including all previous attempts to resolve the issue using resources available through PayPal, eBay or other auction sites.
3. Documentation of all communication with the other party, detailed descriptions of items including serial number of disputed property, photographs or any other documentation related to the transaction.

Please keep in mind that many failed internet transactions are civil in nature and the criminal court is not the appropriate solution. If this is the case a police investigation will not be conducted
