## SUBMITTAL CHECKLIST AND STANDARDS

## **Submittal Checklist**

Applicant	Description	
	Site Plan — Must show the location of the structure on the site and any existing structures, dimensional setbacks from the back of sidewalk to the new structure or a note stating setbacks are measured from the back of sidewalk, dimensional width of driveway and any proposed or existing fence. *A new fence may require a separate permit: 11-3A-7 Fences	
	Foundation Plan — Must include the type of foundation system, compliant crawlspace venting, anchor bolt locations and a footing detail.  Projects including basements require submittal of a soils report - Soils and Geotech report for support of the structure must be stamped and signed by an Idaho licensed engineer.	
	Floor Plan — All rooms and areas must be easily identified with labels and clear dimensions.	
	Roof and Floor Framing — Must specify the type, size, spacing and spans and provide compliant roof ventilation.	
	Elevations	
	Wall Bracing — Must include the method type, fastening information, portal frame type with detail, clearly identified braced wall lines and lengths of each and all corner returns.	
	Wall Sections and Details — An elevation wall detail is required: Typical Wall Section Detail	
	Connection Details — Required for all exterior wall attachments such as a deck, patio cover, leant-to, etc.	
	Energy Compliance - Alternate Energy Path (must be signed and include all pages) or Prescriptive Method	
	Manual J, D & S	
	Structural Drawings & Calculations (*if applicable) — Must be stamped, signed and dated by an Idaho licensed professional.	

## **Submittal Standards**

- All plans must be submitted in a PDF format.
- All plans must be submitted in a landscape orientation (horizontal position).
- All plans must have a space reserved in the upper left corner for City Approval stamps.
- Resubmittals must use the EXACT same file name as the original.
- All plans must be drawn to scale and each sheet should state the scale.
- Plans must be submitted individually using separate file names.
- Calculations, reports and other supporting documents (non-drawing files) must be submitted as searchable PDF files.
- Soils and Geotech report for support of the structure must be stamped and signed by an Idaho licensed engineer.

## Submittal File Naming Requirements

File Naming Standards allow for easy identification of drawings by naming convention.

- Files must be print ready, i.e. setup properly for printing with title block, no data outside the print page area, etc.
- Drawing file name must include the first characters of the discipline name, followed by the sheet number and name.
- The sheet name must clearly indicate the information found on the page.
