4. **General Purpose Statement**
   The City of Meridian (City) has an important responsibility to its citizens to carefully account for public funds, manage municipal finances wisely and transparently, manage growth, plan for adequate funding necessary for future maintenance, and development within the City.

   The financial management policies of the City are designed to establish guidelines for the fiscal stability of the City. The scope of the financial management policies of the City generally spans, among other issues, accounting, auditing, financial reporting, internal controls, operating and capital budgeting, revenue management, cash and investment management, expenditure control, asset management, procurement, and debt management, in order to:
   
   a. demonstrate to the citizens of Meridian, the investment community, and community partners that the City is committed to a strong fiscal operation;
   b. provide precedents for future policy-makers and financial managers on common financial goals and strategies;
   c. present fairly, transparently, and with full disclosure the financial position and results of the financial operations of the City in conformity to Generally Accepted Accounting Principles (GAAP); and
d. determine and demonstrate compliance with finance-related legal and contractual issues in accordance with provisions of the State of Idaho Government Code and other pertinent legal documents and mandates.
